

VHF - DAB LOG 8 ELEM.

BKL/8 - DKL/8

| Mod. | Freq. Mhz | Imped | SWR | Gain | Conn. | Power | Pol. | Dimens. Cm | Weight |
|-------|-----------|--------|---------|---------|-------|-------|------|------------|--------|
| BKL/8 | 170-240 | 50 ohm | < 1.2:1 | 6.5 dbd | 7/16 | 2KW | V/H | 142x92x8 | 6.8Kg |
| DKL/8 | 170-240 | 50 ohm | < 1.2:1 | 6.5 dbd | 7/16 | 2KW | V/H | 142x92x8 | 11.5Kg |

NOTE:

8 Elements Log Antennas, W.B. for VHF - DAB band. The model BKL/8 is realize in Aluminum treated Alodyne 120. The DKL/8 is instead Stainless Steel made. All the Insulators are in PTFE, screws and bracket are in Stainless Steel. All the metallic parts are electrically grounded. The Aluminum version is completely demountable to reduce the shipping cost. The Inox version is instead fully welded to provide greater sturdiness and longevity, even in extreme climatic conditions .
